WHO WE ARE

Origami Digital Solutions and Consultancy delivers intelligent enterprise software and strategic advisory to clients worldwide. Founded in 2026, we help organisations run better and modernise with confidence — following proven design systems to ship consistent, secure, scalable products.

WHAT WE OFFER

-  **Product & Software Development** — tailor-made applications & enterprise systems
-  **Web & Mobile Apps** — scalable platforms, iOS & Android
-  **Cloud & AI Automation** — AWS/Azure/GCP, ML & RPA workflows
-  **Data Analytics** — BI dashboards & predictive insights
-  **SEO Optimisation** — search visibility & organic growth strategy
-  **Digital Transformation** — end-to-end modernisation strategy
-  **IT Strategy & Roadmaps** — align tech with long-term goals
-  **Business Consulting** — operational & strategic advisory
-  **Custom Products Design** — bespoke product design from concept to launch
-  **Security** — enterprise-grade protection, access control, audits & compliance
